AN IMPROVED SURGE ARRESTOR BASED ON ELECTRICAL VARISTORS

5 The present invention relates to a method of
manufacturing surge arrestors, the method being of the
type comprising the steps which consist in:

- stacking varistors (10); and
- between the steps of stacking and forming the

10 coating of composite material (40), placing a bead (30)
of flexible, adhesive, and dielectric material on the
previously formed stack in register with the various
interfaces between each pair of adjacent varistors (10).
